About Alpha-Omega Miracle Home

Alpha-Omega Miracle Home provides housing, counseling and education for the new faces of homelessness – single mothers, their children and senior women.

Guided by caring and compassionate professionals, these women experience family and the miracle of home in a safe and supportive environment. Through our comprehensive program, they leave chaos and uncertainty behind to find purpose and prepare for a new beginning.

Our program is different. We place young mothers and their children with senior women and they become family. Young mothers gain wisdom and benefit from the senior's life experiences. Seniors realize they are much needed, valued and loved.

Alpha-Omega Miracle home is a faith-based, 501(c)(3) non-profit Florida corporation founded in 1997. Under the guidance of its Board of Directors, the organization oversees housing, thrift store locations and administrative space in St. Augustine and Jacksonville. Additional community services are provided to help local families experiencing economic distress.

This year's theme is simply "Beginnings." For something new to begin, something else must end. Every beginning symbolizes the end of what was and the beginning of a new journey.
